

SCALP COVERED WITH WHITE SCALES

Itching Terribly. Hair Came Out. Terrible Lot of Dandruff. Scales Would Fall on Coat. Scratched Until Made Big Sores. Cuticura Soap and Ointment Cured Him.

5 Brewer St., Newport, R. I.—"My husband had eczema for six months all this time taking medicine and using salve not doing him any good. The trouble grew worse. It started with red shining spots all over the scalp, covered with a thickness of white scales itching terribly. His hair came out, and he had a terrible lot of dandruff. The white scales could be seen in his hair as they peeled off, and would fall down on his coat. He would never stop scratching until he made big sores all over his head. "I washed the scalp in warm water and soap, but this only made it worse, the red spots growing larger until they covered the whole scalp, coming down the forehead. I got one cake of Cuticura Soap and two boxes of Cuticura Ointment. I washed his head in as hot water as he could stand, using plenty of Cuticura Soap. This would take all the dry scales away leaving red spots. After rubbing the hair dry I applied the Cuticura Ointment on the scalp and this would stop the itching at once. After two weeks' treatment he was completely cured." (Signed) Mrs. O. L. Eklund, Dec. 7, 1911.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T., Boston." "Tender-faced men should use Cuticura Soap Shaving Stick. 25c. Sample free."

HARD ON VETERANS

Senate Democrats Plan to Take Away Their Jobs.

Washington, April 17.—Indignation has been aroused among old soldiers at the capitol and their comrades else where because the Senate Democratic management has slashed the pay of the veterans on the Senate permanent roll. Not only that, but threats are held that if the old soldiers through any of the Republican senators seek to get any redress they will all be "fired." On the permanent roll are thirty old soldiers. By a Senate resolution they cannot be removed except by action of the Senate. Most of them have been employed as doorkeepers. The Senate Democrats, not caring to try to oust them, proceeded to cut salaries. In a number of cases the reductions are half the salaries. Aged veterans who are unable to perform manual labor, it is charged, have been sent down to the folding room. Senator Smoot called a meeting in his office Tuesday afternoon. But some of the old soldiers asked him to take no action for the present, saying they had been advised they would be discharged entirely if any move was made in the Senate to restore their salaries. Senator Smoot intended to bring the matter up in the Senate Tuesday, but a Democratic senator told him if he did all the old soldiers would go. The Utah senator says the treatment of the veterans is unjust, that the Democrats are treating as political jobs places the Republicans never dreamed of so treating, and that the country will not countenance what is being done when it understands it.

OPEN REPUBLICAN CAUCUS

Representatives Oppose Secret Sessions—For Tariff Commission.

Washington, April 17.—The open caucus as a policy was endorsed by the republicans of the House tonight after a vigorous debate. A resolution offered by Representative Madden of Illinois, declaring that all future conferences of the House republicans should be open to the press and public was adopted with an amendment providing that by a majority vote the caucus could go into executive session and exclude all but the republican members of the House.

This question was taken up in secret session and the argument was extended. Minority leader Mann led the supporters of the open caucus proposition, but held that the caucus should at any time be in a position to close its doors.

In the open meeting, the republicans immediately took up the question of proposing an amendment to the Underwood bill providing for a tariff board or commission. Representative Payne of New York, ranking republican member of the ways and means committee, presented a report from the republicans on that committee embodying a proposed amendment.

After a lengthy debate "tariff commission" was agreed upon as the name of the proposed body. The caucus will meet tomorrow to further consider the tariff commission amendment.

The Womanly Touch.

Adam was showing Eve through the cave.

"This is the living room," he said. "It is furnished as luxuriously as possible in these prehistoric days. I have spared no expense on it, and yet it lacks something or other, some final touch that I cannot name."

Eve took a swift look around. Then she pulled the magazine table out a little from the wall, gave the morris chair a twist, laid a book on the window sill and kicked the tiger skin rug back a foot from the door.

"Wonderful!" cried Adam and gazed open mouthed at the magical transformation.

The cave was more than a cave now. It was a home.

There's no place like home.—Newark News

Sinister.

A nonconformist clergyman in Manchester is chuckling over a letter he recently received from the vicar of a certain parish church. He had written to the vicar asking for permission to conduct a funeral in the churchyard.

"He immediately sent me a most courteous note," the nonconformist clergyman said, "but I could not help noticing that it would be possible to give to his words a sinister meaning. The note ran: 'You will, both tomorrow and at any other time, be most welcome in our churchyard.'"—London Answers.

JAIL HEREAFTER FOR HAZERS

Secretary Daniels Warns Midshipmen That Law Will Be Enforced

Washington, April 17.—With the announcement today of his approval of the sentence of the court which dismissed Midshipman James C. Cook from the Naval Academy for hazing, Secretary Daniels sent a letter to every Midshipman at Annapolis warning him that hereafter no leniency will be shown to hazers, who, in addition to being dismissed, will receive the additional penalty of imprisonment as provided by law.

"The sentence of confinement would be justified in Cook's case," said Secretary Daniels, "but as I have not had an opportunity to issue a warning before, I have let the sentence stand at dismissal. Your hazing is essentially a bully, and must necessarily have a streak of innate cruelty. The United States Navy has no place for youths of this kind. I take this opportunity of saying that this senseless and dangerous practice will not be tolerated at an educational institution founded and supported by the Government. Future manifestations of such character at the Naval Academy will meet with rigorous action."

The victim of Midshipman Cook's hazing was Midshipman Newbold Lodge of Michigan, who was made to stand on his head and do other stunts by Cook.

Mentally.

"You have been abroad, haven't you, Mr. Snipeigh?"

"No, Miss Sharp. What made you think I had been abroad?"

"Why, I heard papa say you were 'way off.'"—Cleveland Plain Dealer.
